CHRYSANTHEMUMS

Early Flowering Disbuds, Hardy Garden, Pom Pom, Spray, Cushions, Dr. Kraus Varieties
Spoons and Rayonettes.

Plants Available April 15 to June 15--

We take utmost care that plants are correctly named, but if a mistake has been made, we will replace plant if it is called to our attention during blooming period, but, will not be responsible for failure from causes over which we have no control.

These are all healthy rooted cuttings, Plants shipped will be packed in wet Moss. Plants called for at our Gardens will be planted in plant bands. Please call or mail your order in early to insure your selection. We will not substitute without your permission. Cultural suggestions will be given with the plants.

Blooming Period from mid-August through October. You will find it an interesting hobby of growing Chrysanthemums, they will produce an abundance of bloom when all other flowers are gone in the fall. The many new varieties produce blooms as large as Exhibition varieties.

TERMS: Cash with mail orders to be shipped, plus sufficient postage, add 3-1/3% sales tax for all orders in the State of Washington. Postage will be paid on all orders over \$10.00.

Plants 50¢ each except where so stated. Orders will be filled at proper planting time.
